Fund will support programmes such as:

TACC's Winter Coats Programme.

A recent report by Save the Children highlighted that 95,000 children in Scotland live in poverty, and many go without basic necessities.

We were shocked by this and have decided to help provide warm coats to children across Scotland on behalf of Scotland's children.

Some of the profits from [TACC's Winter Coats Programme](#) will go directly towards the

TACC Football Clubs

A programme run in conjunction with Scottish football clubs to enhance the health and well-being of children.

Although the experience will be slightly different at each club the basis will remain the same, offering local children:

- A game of football on a Friday or Sunday evening
- A hot, healthy and nutritious meal in the Clubroom
- Games of pool, Wii etc or more football
- Time to spend with their friends and youth workers
